

ARÊMÊS FERMENTIS

A Phytoferment™ Skincare Line For All

Our Story

OUR JOURNEY

Inspired by the lavender fields and vineyards that make up our Temecula, California farm and a background in winemaking, microbiology, and product formulation

A mission to restore the skin barrier and enhance the skin's natural processes of repair, regeneration, and rejuvenation

Incorporating the power of centuries-old fermentation, the use of herbal plant medicinals, and scientific discoveries of the skin's microbiome

About Us

OUR FOUNDER

Our Founder, Regan Schneider started the brand in 2018 while studying Food Science at Cal Poly SLO. The idea was sparked after a summer spent studying in Paris at the Institut Supérieur International du Parfum, de la Cosmétique et de l'Aromatique alimentaire (ISIPCA)

Created through the incorporation of our Founder's technical knowledge in food science, chemistry & microbiology into beauty & wellness

The development of multi-correctional and nutrition-forward products perfected and enhanced through the development of our proprietary Phytofermentation™ process

A NEW CATEGORY IN BEAUTY & WELLNESS

- Microbiome support
- Cruelty-free
- Non-toxic
- Vegan
- No artificial colorants & fragrances
- Fair trade & responsibly made
- Sustainable packaging

OUR PROCESS

Responsible Sourcing

Careful selection of the highest quality bioactive ingredients & looking towards organic, responsibly made, and highly effective options.

Phyto-fermentation™

Botanicals are naturally processed through a 21-day fermentation period & result in the release of bioactive metabolites

Bioactive Infusion

Bioactive metabolites are concentrated and extracted for 14 days & infused into our product

Results

Skin hydration improved after 21 days
Skin elasticity improved after 21 days
Skin pH was kept in healthy balance

Phytofermentation™

THE SCIENCE

A proprietary lactic acid fermentation process that releases metabolites with bioactive characteristics from natural sources

Deeper ingredient absorption

Creates a smaller molecular size that can penetrate deeper into the skin than its unfermented counterpart, making it a more bioavailable form to your skin

Supports vital cellular processes

Collagen and elastin production, cellular regeneration, and repair, and targeting anti-aging effects.

Multi-correctional benefits

Combination of fermented and whole-plant bioactive ingredients delivers results from brightening to anti-aging to hydration

OUR PRODUCTS

Finding the intersection between nature, beauty, and science to bring skin back to its most healthy and natural balance

SKINCARE

BioRadiance Botanical Cleanser
dandelion ferment \$42

The BioRadiance Botanical Cleanser is a foaming and non-stripping formula that delivers skin-barrier protecting, detoxifying, anti-inflammatory, and soothing properties that will leave your skin feeling soft, rejuvenated, and prepped for what's next in your skincare routine.

Super Bioactive Face Serum
mushroom ferment \$115

Super Bioactive Face Serum is a nutritive, restorative, and multi-correctional formula designed to balance the microbiome and deliver hydration, protection, brightening, anti-aging, anti-inflammatory, nutrition and balance to the skin's overall complexion.

Multipotent Regenerative Night Cream
carrot ferment \$73

The Multipotent Regenerative Night Cream was designed to create a protective matrix on the skin while penetrating deep into the skin's cells that activate regeneration; delivering hydration, tightening, nutrition, protection, and correction at the source.

BODY CARE

BioRadiance Body Wash
dandelion ferment \$32

The BioRadiance Body Wash is an anti-inflammatory and foaming cleanser that is packed with botanicals to help detox, hydrate, and brighten the skin while relaxing you with the scent of lemon and sage.

Bioactive Body Lotion
mushroom ferment \$46

The Bioactive Body Lotion is an age-defying and moisturizing cream enriched with botanicals to help brighten, soothe, and protect collagen and elastin in the skin while providing anti-inflammatory and antioxidant benefits.

PhytoLipid Refining Body Oil
prickly pear ferment \$69

The PhytoLipid Refining Body Oil is a restorative vitamin and antioxidant rich oil that helps to deliver softening and anti-aging properties. Perfect for fading dark spots, scars and stretch marks while protecting the skin and leaving it velvety soft.

WELLNESS

PathoDefense Immune Boost
ginseng ferment \$18

Beauty Sleep
lavender \$18

Cryotherapy Facial Roller
stainless steel \$42

Aloe Vera Hand Cleansing Gel
aloe vera \$8.95

The PathoDefense Immune Boost is a therapeutic essential oil roll-on designed to deliver clarity, anti-inflammatory, and respiratory support for an overall immune system boost.

The Beauty Sleep is an aromatherapy essential oil roll-on designed to help reduce anxiety and deliver relaxation, calming and sleep support to the mind and body.

Harnessing the power of cold temperatures, this stainless steel roller helps to de-puff, tighten, sculpt, boost collagen, and enhance the skin's overall appearance.

The Hand Cleansing Gel is a gentle and non-drying sanitizer that delivers moisture and protection to the skin providing a necessary boost in both hygiene and hydration.

Back Bar Exclusive

ADAPTOGENIC BOTANICAL MASSAGE OIL

The adaptogenic botanical massage oil uses the combined power of calming botanicals like lavender, adaptogens, and bioactives from four different fermented mushrooms to help the body relieve stress and fight fatigue both during the treatment and after.

ELLAGIC ACID + VITAMIN C BODY SCRUB

The ellagic acid + vitamin C body scrub provides micro-exfoliation from AHA & BHA as well as multi-sized macro-exfoliation from strawberry seeds and sea salt. These are combined with ellagic acid and Vitamin C from fermented strawberries to soften, brighten and protect the skin.
