

BODYBLISS[®]
Intentional Aromatherapy[®]

Quality, Beauty, Intention

Body Bliss™, headquartered in the beautiful Verde Valley of Arizona, is the US based industry leader in formulation and production of **natural and therapeutic spa products** as well as spa treatment protocols and training.

We are an evolving company, responding to the needs of an evolving spa industry.

Discover Body Bliss™

Body Bliss™ was launched in 2000 by a group whose backgrounds included massage and bodywork, aromatherapy, color therapy, botanical science, teaching, and design.

Continuing the legacy of Body Bliss through Intentional Aromatherapy®, Pam's vision of **accessible luxury** has come to life in our diverse line of personal care products and continues to grow as we refine our formulas for the wellness of our clients.

What We Believe

We were formed on a simple premise that therapists and body workers are in intimate contact with the products they use all day, every day. If they work with **products that support and enhance their well-being**, then the benefits they feel will in turn flow naturally to their clients.

Body Bliss™ products are formulated using the purest ingredients, as naturally as possible, to enhance the health and well-being of therapist and client alike.

Quality Ingredients

Body Bliss™ products are handcrafted in small batches, with the finest organic and wild crafted essential oils, natural and renewable raw materials, and are packaged in recyclable or recycled containers.

Exceptional Essential Oils

We search the world for "boutique" growers and distillers of essential oils that are beyond compare.

Working with small collectives of farmers who are dedicated to their art, and who are invested in taking care of the natural environment that supports them, our offering extends to over 100 organic, ethically wild crafted or ecologically sensible essential oils and CO2 extracts.

No Nasties

Body Bliss™ products are free from harmful chemicals, toxins, and artificial additives, ensuring a safe and pure experience for your body and mind.

No phthalates.

No nano particles.

No mineral oils.

No harsh sulfate cleansers.

No paraben preservatives.

No formaldehyde donors.

No synthetic fragrances.

No animal testing.

Private Label Program

Our Private Label program gives you the choice of hundreds of combinations of base products, tried and true scent profiles, and premium containers. You can start with just one product, or build a complete line of natural amenities, spa products and retail items.

Our private label program is flexible and offers low minimums and minimal start-up costs. Within weeks you can have your own private labeled products that will excite your guests and drive higher revenues.

Custom Formulation

Our custom formulation program gives you even more power to tell your story with completely customized scent profiles and enhancements to standard base products. Our team includes spa professionals, professional aromatherapists, graphic designers, and massage therapist trainers.

Elevate your brand with unique products that your therapists will embrace, and guests instantly recognize as being of superior quality.

Partner with Confidence

From being the sole winner of the industry's **Favorite Private Label Line** since its inception in 2021 by American Spa professional choice awards to our 2019 Winning of **Favorite Aromatherapy Line**, being finalists in the **Favorite Body Care & Favorite Natural Line** categories the same year and as the **Favorite Indie Beauty Brand** Winner in 2017 & 2018, we're proud to say we stand for quality and innovation.
