## WHOLESALE & CORPORATE GIFTING

Breathing happens automatically. But can we breathe better? Science says yes. When we take shallow breaths, we live in fight-or-flight mode. When we slow our exhale, we can reduce anxiety, lower stress, increase calm, heighten focus, and so much more.

Be part of the tool that is changing lives.

## Classic Shift

The first of its kind, the Shift helps you quickly and easily combat anxiety by slowing your breathing. It's a functional, elegant piece of jewelry that you wear against your heart, both as a tool and a gentle reminder to protect your wellbeing.

### PRODUCT DETAILS

- Pendant and chain made of 316 high grade polished stainless steel
- Shift pendant measures 2" in length
- Precise circumference supports a 10 second exhale
- Whisper quiet so you can use it anywhere, ultra durable

## Rotezen

Rotezen is a guided journal, a 3-month planner, and a source of inspiration that delivers peace of mind and meaningful change through micro-adjustments to your routine.

### PRODUCT DETAILS

- Daily Template: to organize each day around this routine
- Weekly Maxims: to inspire exploration and growth each week
- Daily Prompts: to center your day and focus your growth
- Guided Conversations: therapist-led explanations for weekly maxims.
- Breathing Techniques: basic techniques to enhance calm and focus.

Every day, we take 23,000 breaths, while 50,000 thoughts race through our minds. On average, 80% of those thoughts are negative. Rotezen is designed to change that. If you follow the path defined by the daily templates, and commit to doing the exercises each day, you can nurture your mental health and reimagine your potential.

Journaling and micro-adjustments create opportunities to:

STOP  
OVERTHINKING

CELEBRATE OUR  
ACHIEVEMENTS

OVERCOME FEAR  
AND OBSTACLES

DREAM  
BIGGER
