

SUNBAKED

Glaze

SUNBAKED

1.7 fl. oz. / 50 mL

SPF 40 +
Broad Spectrum
100% Mineral Sunscreen
Anti-Aging

A Modern SPF

At SUNBAKED, we are science-driven and beauty-obsessed. We have a passion for honest skincare and stand behind 100% mineral formulas. We believe that your sunscreen should go beyond UV protection and improve your overall skin health.

The Recipe to Healthy Skin

Sun Protection

(SPF 40+)

Non-nano zinc oxide lotion, broad-spectrum sunscreen defends against 98% of UV radiation, and blocks HEV light

Anti-Aging

Our lightweight formula contains sustainably sourced squalene and hyaluronic acid

Environmental Protection

Green tea extract helps the skin withstand environmental stressors and pollution-induced free radicals

Hypoallergenic

We take a clean approach to sunscreen with a fragrance-free formula appropriate for all skin types

Proudly paraben-free, cruelty-free, reef-safe, vegan

Science-driven and Beauty-obsessed

Inspired by her graduate studies in Dermatology, Kimber Tremblay, the founder and owner of SUNBAKED, designed a modern sunscreen for consumers' daily routine. While skin cancer is the most common form of cancer in the US, sunscreen has been clinically proven to reduce the risk of developing squamous cell carcinoma and melanoma. Kimber found that many patients and consumers were searching for better sunscreen options – specifically, mineral-based sunscreens that do not leave a white cast. She set out to create a high-quality sun care that wears like your favorite skincare. SUNBAKED SPF's mission is simple: to share the recipe to healthy skin.
