Biochemist Lisa Sanchez spent years researching the skincare needs of outdoor sports enthusiasts before launching the brand Xtreme Element last year.

### XTREME ELEMENT

Biochemist Lisa Sanchez spent years researching the skincare needs of outdoor sports enthusiasts before launching Xtreme Element in 2022. She says, "We know an active outdoor lifestyle is harsh on the skin. So, for people who 'do it outside,' we designed a line of products to protect the skin and keep it in shape throughout their lives."
