- *and excellent for all skin types.*

PRODUCT LIST

RADIATE Phytonutrient-C Youth Boosting Cleanser. **Partners with REVITALIZE Konjac Gemstone Sponge.**

A comprehensive cleanser that is clarifying, anti-aging, and resurfacing.

A therapeutic dose of **Vitamin C** (15%) brings increased collagen production, firming, and brightening. Anti-aging **MSM** has anti-inflmmatory effects and creates smoothing, healing, hydrating and soothing. Deep cleansing **Orange Peel and Oregano** extracts

effectively, yet safely clarify the skin. Antioxidant rich **Dandelion, Horestail, and Gotu Kola** deliver intensive phytonutrients for healing, cell rebuilding, fine line reduction, and soothing. Last but not least, nourishing oils **Rose Hip and Borage** offer restorative moisture and a non-drying experience.

The one-of-a-kind, handmade **Konjac Gemstone sponge** completes the intensive cleansing and nurturing experience. 100% pure and chemical free, white **Konjac plant fibers** comprise the facial sponge, creating an excellent therapeutic material for gentle, yet powerful resurfacing and deep cleansing. Powdered **Green Tourmaline Gemstone** throughout the sponge offers a revitalizing experience, drawing out toxins and imparting uplifting, mood boosting energies. The skin is left feeling incredibly silky, renewed, and vibrantly clear.

REFRESH Cucumber Mint Peptide Hydra-Mist

A highly revitalizing toner essence and mist with an advanced Peptide blend.

The most refreshing fruits - **Aloe, Cucumber, Watermelon, Kiwi** and a touch of clarifying + refreshing **Spearmint**. Ph balancing as well. These fruits intensely hydrate and nourish.

The renowned double Peptide blend, **Matrixyl 3000**, is a clinical ingredient of two peptides joined together: Palmitoyl tripeptide-1 and palmitoyl tetrapeptide-7. Many clinical studies show its smoothing and firming effects.

REVIVE Astaxanthin Triple-C Serum

A unique serum that combines the highest antioxidant - Astaxanthin - with Vitamin C *and* three Vitamin C Superfruits.

A powerful serum combining the highest antioxidant in the world, **Astaxanthin**, with Vitamin C. Astaxanthin has an ORAC score of 2,000,000. The ORAC is the measurement of how much antioxidant activity a substance has. Green tea only has 1,200 and blueberries has 2,906.

Astaxanthin is an orange/red compound found in Red Algae, Salmon and Flamingos. Our is derived from Red Algae. It helps the Algae regenerate its cells when out of water, for a long period of time. Astaxanthin is famous for helping the body internally to protect and heal cells from the damage caused by typical aging, injury and illness.

For the skin, it is a new ingredient receiving a great deal of accolades. It is being shown to hydrate the skin, heal, regenerate cells, and smooth wrinkles. Also offers lots of free radical protection (preventing age symptoms) due to the high antioxidants.

Superfruits - Amla, Acai, Camu Camu. Camu Camu bring whole fruit Vitamin C. Together these have 70 times the vitamin c of an orange as well as more vitamins and minerals. Vitamin C helps produce collagen in the skin (which fights wrinkles, tones, brightens, and firms the skin).

Also contains **Hyaluronic Acid** for light, yet intensive moisture. And **Sodium PCA** to also add to and secure moisture in the skin.

REPLENISH Superfruit Vitality Creme

The most hydrating, plus anti-aging, superfood cream. Use as both a day and night cream.

Three very powerful hydrators - **Snow Mushroom** and **Hyaluronic acid** and **Irish Moss** - all close to the top of the ingredient list. Very moisturizing and long lasting hydration. Snow Mushroom is a new, unique ingredient in skincare. It is a gelatinous mushroom that is proven to retain 500 times its water weight and has small molecules to absorb deeply into the skin.

Superfruits **Sea Buckthorn Berry, Goji Berry, and Baobab Fruit**. These are loaded with vitamins and minerals, omega fatty acids, and very high antioxidants to nourish the skin and protect from aging signs.

Superfood **Mushrooms Turkey Tail** and **Chaga**. These are also used as famous physical health supplements to strengthen the immune system and they also have clinical studies they kill cancer cells. For the skin, Chaga helps with collagen production for elasticity, and is anti-inflammatory to calm skin conditions. It has a compound, superoxide dismutase, which breaks apart free radicals. It has the highest form of melanin which provides UV protection.

Lupini Bean is for firming. It is a white Italian bean that has clinical studies it firms the skin and decreases wrinkles.

RESTORE Cellular Recovery Oil, Multi-Use Liquid Gold

A blend of the most famous antioxidant, anti-aging oils all together. Use for the face and add for the body. Ex. a few drops in body lotion, on cuticles, in hair.

The famous oils include: **Argan Oil, Sea Buckthorn Oil, Borage Oil, Rice Bran Oil, Ylang Ylang essential oil, Clary Sage essential oil.** These oils have been shown to repair and heal cells, firm, decrease fine lines, moisturize, even skin tone, protect from free radical damage.

CoQ10 is also added. This is a powerhouse compound for physical health including the heart and energy. It is used for the skin for softening wrinkles, promoting collagen, and renewing cells.

PROTECT Pure Glow Tinted Velvet Sunscreen

More pure than any luxury sunscreen on the market. And more than a sunscreen - a Tinted Sunscreen plus skin treatment.

Can replace foundation for light to medium coverage.

Uses antioxidant, deeply nourishing and moisturizing oils - **Shea Butter, Olive Oil, Jojoba Oil.**

Only uses the safest sun blocker, **Zinc Oxide.** Other companies use Zinc plus other potentially problematic chemicals. We use an effective percentage of zinc, 20%. Also, this zinc is special because it's **non-nano particles.** Other Zinc in sunscreens are nano sized, so they can enter the blood stream and may cause issues down the road. This zinc molecules are not that small, and stay on the surface of the skin.

The color comes from safe **Iron Oxides,** which are pigments from iron that are used safely in all truly organic makeup products.

RESURFACE 360 Radiance Therapy Mask

*comes with a pure bamboo mini spoon applicator

A full treatment mask that does it all: Gently exfoliates, nourishes and moisturizes, and clarifies the skin.

Exfoliation comes from **Pumpkin and Papaya Enzymes,** along with **Glycolic Acid (2%).** These are Alpha Hydroxy Acids which gently slough off dead skin, increase cell turnover, and also contain Vitamin A and Vitamin C for collagen production. They are gentle on the skin and safe for all skin types. Though for extremely sensitive skin, may need to do a patch test. Or, leave on for a shorter amount of time (ex 5 vs 10 min).

Nourishment and moisture comes from exotic oils: **Macadamia Nut Oil, Tamanu, Borage, Flax,** which add omega acids for healing, plumping, omega acids and help the skin retain moisture. The green superfood algae, **Spirulina,** gently draws impurities, clarifies, and adds vitamins/minerals.

Clarifying also comes from anti-bacterial **Tea Tree** and **Wintergreen** Oils, and skin tone-evening + soothing, **White Willow Bark**.

The scent is an essential oil combo of **three different species of European Lavender**: Bulgarian, Italian and French lavender, plus **Lemongrass**. These oils are famous for skin benefits of cleansing and detoxifying, smoothing fine lines, fighting blemishes, and protecting against free radicals. They also add a calming, de-stressing and uplifting therapeutic component.
