LUXURY SKINCARE MEETS  
ADVANCED WELLNESS

# Beauty Inside and Out

Our mother-daughter company expertly unites  
the worlds of inner health and outer skincare.

Co-owner, Yulin, is a Clinical Aesthetician of 40 years, who began her career as a prominent make-up artist in New York with Chanel, Estee Lauder, Lancome, and at major stores like Bergdorf Goodman and Neiman Marcus. She later owned her own luxury spa, voted the best spa in Vero Beach FL, and chosen as the only spa destination for Disney's Vero Beach Resort upon its inception.

Co-owner and daughter, Jade, is a Master's level Mental Health Therapist, multi-published author, and Christian Counselor in private practice since 2006. In 2014 she became certified in Natural Health Consulting, and now counsels others toward whole-self healing and optimal wellness.

“Our dream was to join our areas of expertise, and offer a next-level line combining clinical efficacy with true holistic health. Thank you so much for your interest in our heartfelt company.”
